RAGAB ADEL RAGAB ALI

Junior .NET Developer | ASP.NET Core | C#
Cairo, Egypt | +20 114 912 0925 | RagabAdel862@hotmail.com
github.com/ragabadel | linkedin.com/in/ragab-adel-al-saidi

PROFESSIONAL SUMMARY

Junior .NET Developer with hands-on experience building backend and web applications using C#, ASP.NET Core MVC, Web API, Entity Framework Core, SQL Server, and REST APIs. Applied OOP, layered architecture, and clean coding practices through practical projects. Brings professional IT support and troubleshooting experience and is seeking a Junior .NET / Backend Developer role.

TECHNICAL SKILLS

Backend Development : C#, .NET, ASP.NET Core MVC, ASP.NET Core Web API, REST APIs, Entity Framework Core
Programming & Software Design : Object-Oriented Programming (OOP), SOLID Principles, Layered Architecture, Clean Code, Design Patterns
Database : SQL Server, PostgreSQL
Development Tools : Git, GitHub, Postman, Visual Studio
Frontend : HTML5, CSS3, JavaScript, jQuery
Additional Technical Skills : Python, Networking, Systems Support, CCTV/IP Systems

PROJECTS

Clinic Management System | ASP.NET Core MVC, C#, SQL Server

- Developed a web application for managing patients, doctors, departments, appointments, visits, invoices, and payments.
- Implemented CRUD workflows, server-side validation, and a layered architecture with Entity Framework Core.

Product Management REST API | ASP.NET Core Web API, C#, Postman

- Built RESTful endpoints for product creation, retrieval, updates, and deletion.
- Tested API behaviour with Postman and applied clear resource-oriented API design.

PROFESSIONAL EXPERIENCE

IT Helpdesk Specialist | Cairo Traffic Products (CTP) | Oct 2024 - Present

- Manage and troubleshoot network switches, CCTV systems, NVR devices, and related IT infrastructure.
- Configure and maintain FortiGate firewall policies and support network security operations.
- Support Windows Server environments, device administration, and shared-file access.
- Develop automation scripts for FortiGate configuration backups and NVR date/time synchronization.

IT Helpdesk Specialist | Aman Investment | Jul 2023 - Jul 2024

- Troubleshot hardware, software, network, and user-access issues across day-to-day IT operations.
- Configured and supported FOODICS POS environments, including iPads, printers, and cash drawers.
- Installed and maintained software required for Microsoft Dynamics 365 operation at points of sale.

IT Helpdesk Technician | RadioShack | Apr 2023 - Jul 2023

- Troubleshot hardware and software issues and provided onsite and remote technical support.
- Configured POS devices and peripherals, maintained technical documentation, and guided users on system usage.

EDUCATION & CERTIFICATIONS

Bachelor of Information Systems - Abbasid Institute | 2019 | Overall Grade: Good
ASP.NET Full Stack Developer - CLS Learning Solutions | 9-1-2026
Coursework: Developing ASP.NET Web Applications; Programming in HTML5, JavaScript & CSS3

LANGUAGES & ADDITIONAL INFORMATION
